Educating

Our Why:

Our Vision is simple... Inspire the World.

In partnership with you, our unrivalled passion for making a difference allows us to entertain, enlighten and educate your people, delivering a learning experience they'll never forget.

Our How:

With our core values of Passion, Learning, Innovation, Fun and Excellence at the heart of all we do, we passionately believe in the tangible benefits and lifelong impact of first-class inspirational training. We work hard to support young and old people in their learning, raise attainment and improve mental wellbeing.

Our Speakers:

We have a truly inspiring team of speakers, from primary school teachers to magicians and comedians to psychologists. None of us have laser vision, superhuman strength or ability to fly, but we have the imagination, relentless energy and burning desire to inspire the world - one lesson at a time.

Pupil workshops

One thing we know for sure is that school is way more fun and pupils (staff too!) are more likely to flourish when they feel engaged, inspired and confident. So, whether it's navigating social situations, keeping cool whilst going through significant changes, or managing stress around exam time, we've got you covered with our high-energy, interactive workshops from P5 to S6.

Every single workshop we create is guaranteed to ENTERTAIN, ENLIGHTEN and EDUCATE your young people. Our speakers are all natural storytellers, creators and educators who intertwine their own experiences with current science and psychology.

No one enjoys an 'off the shelf' experience and that's why all our workshops are tailored to meet the specific needs of your students. We do everything from one-off inputs to multi-progressive programmes, and from targeted groups to whole school inputs.

Here are just some of the themes/outcomes we cover:

TRANSITION RAISING MINDSET
LEADERSHIP ATTAINMENT
CONFIDENCE SELF-AWARENESS
EXAM PREPARATION
SELF-REGULATION

By far the most rewarding course I've done in my 10-year teaching career.

The course is very well planned and thought out with outstanding resources. I feel invigorated to push myself as a leader and rise to the challenge.

A great couple of hours learning new things about the mind and the way we think. I was pleasantly surprised by how engaging and enjoyable the session was and would recommend it to anyone who asks.

Very well put together course. Enough participation, good knowledge and presentation from the speaker. Lots to think about and a great way to start to a new year. Thank you! (Will try to put into practice!)

HERE'S TO THE CRAZY ONES.
THE MISFITS. THE REBELS. THE TROUBLEMAKERS.
THE ROUND PEGS IN THE SQUARE HOLES.
THE ONES WHO SEE THINGS DIFFERENTLY.
THEY PREFER TO AVOID RULES. AND THEY HAVE NO RESPECT FOR THE STATUS QUO.
YOU CAN QUOTE THEM, DISAGREE WITH THEM, GLORIFY OR VILIFY THEM.
ABOUT THE ONLY THING YOU CAN'T DO IS IGNORE THEM.
BECAUSE THEY CHANGE THINGS.
THEY PUSH THE HUMAN RACE FORWARD.
AND WHILE SOME MAY SEE THEM AS THE CRAZY ONES,
WE SEE GENIUS. BECAUSE THE PEOPLE WHO ARE
CRAZY ENOUGH TO THINK THEY CAN CHANGE
THE WORLD ARE THE ONES WHO DO.
