Since 2009 we have been determined to reinvigorate the industry of learning, to build a business that would challenge the views of traditional inspirational speaking and training.

Our plan is to bring about an ENTERTAINING, ENLIGHTENING and EDUCATIONAL revolution. We do this by creating – in partnership with you – and delivering first class learning experiences.

We are often asked about our 3 E's and if they are deliberately in the order they're in. The answer is most definitely...yes!

Firstly, our 3 E's are incredibly important to us and no one is more important than the other. But the order is key...

We firmly believe that most people would rather be entertained than educated but if we can do both and create lots of enlightening moments along the way then we are definitely doing something truly impactful.

Although our sessions are hugely entertaining, it's often not until delegates are leaving or on the drive home that the real learning becomes apparent.

We have partnered with organisations all over the world that are hungry for success but put the health and wellbeing of their people first. Our style is thought provoking and passionate. But most importantly, we make a difference.

# Our Speakers

“Inspirational” “Mind-Blowing” “Hilarious” and “Barn-Storming” are just a few of the words used by clients to describe Gavin Oattes and his unique ability to entertain, enlighten and educate an audience. Gavin is an international keynote speaker, award winning comedian, best-selling author of 6 books including **A HEAD FULL OF EVERYTHING** **SHINE** **ZEST** **LIFE WILL SEE YOU NOW** and **DIARY OF A BRILLIANT KID** **BRILL KID - THE BIG NUMBER 2**. Although he spends much of his time speaking to business leaders and directors of some of the world’s leading organisations Gavin’s true inspiration for what he does comes from where he started out his career...primary school teaching. He’s a firm believer that we as adults can be every bit as inspired by young children as they can by us grown-ups. Gavin transports his audience back to when they were just 5 years of age, a time when we feared nothing and embraced everything.

“He is, quite simply, world class. He manages to balance the perfect amount of confidence with the perfect amount of humility (no easy feat), and it makes him inspirational and likeable in equal measure. Oh, and he’s got funny bones. Really, reeeeeeeally funny bones. He’s everything you’d want in a speaker...and then some. I’ve booked him twice now...and I can’t quite wait till next time.” - Deb Webster, Head of Internal Communications, Openreach

Our industry is awesome. It's full of the most extraordinary people pushing boundaries, producing evermore creative and inspiring ideas.

We're sure your annual conference will be no different as nowadays people expect more, they expect bigger and they definitely want different.

But we all know the challenges faced in organising and running a conference. The late nights, budget worries and the huge rollercoaster of emotions that goes into ensuring the best event possible for your people.

Sometimes it's easy to forget that we're trying to create something magical, memorable and potentially life-changing that brings people together!

Controlling the big day itself is a whole other ball game. It's now time to discover if the months and months of preparation have paid off...

A world class host/speaker can often make or break your event, but these talented individuals are snapped up early. Their ability to make it look seamless, effortless even is highly sought after. They entertain, they challenge and they inspire.

Importantly, they take a huge amount of stress away from you, do what they do best and allow you to enjoy the results of your hard work.

What do you see?

HERE'S TO THE CRAZY ONES. THE MISFITS.  
THE REBELS. THE TROUBLEMAKERS.  
THE ROUND PEGS IN THE SQUARE HOLES.  
THE ONES WHO SEE THINGS DIFFERENTLY. THEY PREFER TO  
AVOID RULES. AND THEY HAVE NO RESPECT FOR THE STATUS QUO.  
YOU CAN QUOTE THEM, DISAGREE WITH THEM, GLORIFY  
OR VILIFY THEM. ABOUT THE ONLY THING YOU CAN'T  
DO IS IGNORE THEM. BECAUSE THEY CHANGE THINGS.  
THEY PUSH THE HUMAN RACE FORWARD. AND WHILE SOME MAY SEE  
THEM AS THE CRAZY ONES, WE SEE GENIUS. BECAUSE THE PEOPLE  
WHO ARE CRAZY ENOUGH TO THINK THEY CAN  
CHANGE THE WORLD ARE THE ONES WHO DO.
